Decoding Messages

I hope you will be able to help me decode these communications. I intercepted these messages through my daughter's baby monitor. They are proof that the CIA is hiding their knowledge of these extra-terrestrial life-forms. Good luck.

I think I have decoded their alphabet. In the envelope you will find a strip of paper with their alphabet on it. Use these symbols to

finish decoding the messages.

I was able to get some of the message decoded. Please help me finish the rest.

There are three types of ◆ □ ✕ ⊙ ■ ♪ ● ♫ ◆

The Major

I believe the first of these aliens is the military leader. He is always standing at attention. His back angle is always 90 degrees compared to the surface he is standing on. His name is □ ✕ ♪ ♫ ◆ ◆ □ ✕ ⊙ ■ ♪ ● ♫ .

Here is a picture of a military soldier that I was able to snap before he was able to disguise himself.

The Twins

Below is the second message I was able to intercept. In the part that I was able to decode, they mention something about twins. Here is the rest of the message.

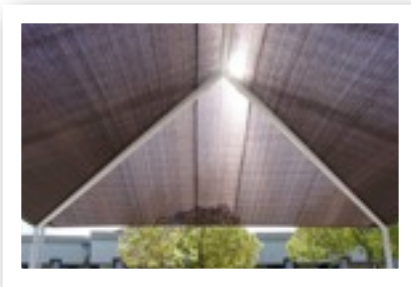

“Attention, the ✕ ◆ □ ◆ ♫ ♫ ● ♫ ◆ twins will be landing soon. Remember they can be identified easily because they have ◆ ◆ □ ◆ ✕ ♫ ♫ ◆ that are ♫ □ ◆ ⊙ ● .”

Equals

I hope that you are able to help with these messages. The last message mentions the species that I have been able to take the most pictures of. Good luck.

“The humans are not catching on. We have sent in the $\mathcal{M} \square \blacklozenge \ast \bullet \textcircled{\ast} \blacklozenge \mathcal{M} \square \textcircled{\ast} \bullet$ to finish the take over.

They are everywhere. Remember that each of their $\ast \ast \textcircled{\ast} \mathcal{M} \ast$ are $\mathcal{M} \square \blacklozenge \textcircled{\ast} \bullet$.”

Those are the final three messages that I have not been able to decode. Please help. When you decode a word, write it in the space below the message. It is important that you keep these secret words in order.

Do you think you can identify these aliens out in our world. Here are a couple of pictures that I was able to snap. Write the name of the alien below the picture. This is important because the more we are able to identify them, the better chance we have at exposing the truth before it is too late.

Good Luck.
